India Tigers Photography Safari!

Nature Photography Adventures

Adventure Itinerary

March 7-19, 2028

Tigers! This photography safari is designed to put you in the right place at the right time in the right circumstances to make excellent images of wild tigers. Our field time is split between three excellent national parks – all great habitats for tigers!

Space is limited to 5 rooms – don't think about this one too long!

Notes:

As you can see, we have a lot of time chasing tigers! Know that each of these national parks have multiple ecosystems and that our routes will vary outing to outing – also responding to news of tiger sightings. Also know that each of these parks is home to a menagerie of other wild mammals, reptiles and birds which will make other great images.

Our tiger safari outings will be conducted in jeeps with two participants, 1 park guide and one driver/naturalist in each. If we have an odd number, one of the Nature Photography Adventures guides will add into one of those jeeps in the least favorable photographic spot, changing jeeps on a daily basis.

Transfers between parks will be conducted in larger vehicles. Domestic flights are coach class – there are limits on both checked and carry on luggage. We have concluded we will be able to work within those limits.

Camera fees in national parks are not included (at the moment there are no fees applicable). Soft drinks, mineral water, alcoholic beverages, laundry, and tips are not included. Any new (after January 2025) government entrance fees or taxes are not included.
